About the Event

Freedom Harvest, now in its third year, was launched in partnership with acclaimed chef and Healing Transitions board member, Scott Crawford.

This annual event unites community members and supporters to raise critical funds and awareness for individuals on the path to recovery.

The evening will begin with a spirit-free cocktail hour, crafted by a local mixologist. Chef Crawford will once again prepare a seated, family-style dinner for guests as they hear from guest speakers throughout the evening and participate in a live auction and paddle raise.
